Shiksha Mandal holds vax drive for its staff, students

Firmly believing that vaccination is the only key to control Covid-19 pandemic, Shiksha Mandal of Wardha patronized by Bajaj Group had decided to bear the cost of Covid vaccination for all its beneficiaries including staff and students of all its education institutions. Orange City Hospital & Research Institute (OCHRI) was selected by Bajaj Group as their vaccination partner. Respecting the nationalistic spirit of Bajaj Group, RNHPL management decided to charge only Rs100 for vaccination even though Union Government had stipulated Rs 150 as facilitator charges. This vaccination drive commenced at OCHRI on June 10 to commemorate the birthday of Rahul Bajaj in presence of chairman of Shiksha Mandal Sanjay Bhargava, RNHPL chairman Udaybhaskar Nair, RNHPL directors Dr Usha Nair and Dr Vidya Nair, principal of GS College of Commerce Dr NY Khandait and OCHRI director Dr Anup Marar. To start offline classes, Shiksha Mandal vaccinates staff, students

Likely 1st Edu Institution In Maharashtra

Nagpur: Keen to start physical classes at the earliest, the city-headquartered Shiksha Mandal is conducting a drive to vaccinate its 7,000 students and 600 staff members against Covid. This is probably the first-of-its-kind initiative in the state.

The century-old educational institution's inoculation programme is being held at the Orange City Hospital and Research Institute (OCHRI) in city and the Mahatma Gandhi Institute of Medical Sciences (MGIMS) at Sewagram in Wardha district — both private organisations.

Sanjay Bhargava, the chairman and trustee of Shiksha

IN A NUTSHELL

- Shiksha Mandal runs 1 college — GS College of Commerce and Economics — in city and 7 in Wardha district — Bajaj College of Science, GS College of Commerce, Bajaj Institute of Technology, RB College of Agriculture, Acharya Shrimannarayan Polytechnic, SJ Gramin Seva Mahavidyalaya and Rural Institute, Agriculture Science Course
- Strength around 11,000 students and 600 staff
- After Centre permission, Mandal procured 14,000 doses of Covishield from SII
- Vax programme starts on June 10 at a private hospital in Nagpur and Wardha
- Will then seek govt permission to start offline classes

TARGET	
JUNE 25	AUGUST
First dose	2nd dose

Mandal, said that though online classes were held, the "education of children has suffered greatly during the pandemic. "Regular classes need to resume for proper teaching and learning. Since vaccination is the key to tackle Covid, we started the drive for staff and students on June 10. The second dose will be in August," he said.

Saying that the Mandal is the first educational institu-

tion in the state to take up such a programme, Bhargava said, "After the second dose, we will seek government permission for physical classes." In November last year, the Mandal had urged the state to allow resumption of offline classes.

Founded by industrialist Jammnalal Bajaj, the Mandal is providing the vaccines under the Bajaj CSR programme.

Mandal has bought 14,000 doses of Covishield from Serum

Continued from P 1

The institution, presided by Rahul Bajaj, runs one college in city and seven in Wardha. Totally, there are around 11,000 students — 3,000 in city and 8,000 in Wardha.

Bhargava said that around 1,500 from city and 5,500 from Wardha are above 18 years of age. "Around 3,000 have been vaccinated (1,000 in city and 2,000 in Wardha) till Saturday. The remaining students will be inoculated by June 25," he said, adding that consent was taken from the parents.

After permitting vaccination of 18+ from May 1, the Centre had allowed industries

and corporates to procure doses directly from manufacturers to inoculate staff and their family members in association with its own hospital, dispensary or any private hospital. The Mandal has bought 14,000 doses of Covishield from the Serum Institute of India and this includes the booster dose.

OCHRI director Dr Anup Marar hoped that Bajaj Group's social activity will inspire other industrial groups, educational and financial institutions. "Vaccination is the only key to control this pandemic," he said.
