INTRODUCTION

INTRODUCTION

In these days, computer applications in various fields are rapidly increasing. In every field, computer is becoming not only necessary but also essential. The education field also computer to satisfy their requirements.

This is project is about '**Nagpur Darshan**' which is a well-known as class of Indian economical. Ihave tried my level best to make that project more & efficient so that user can get the required information. A brief explanation about this is project is as below

This is website gives information about 'Nagpur Darshan' in following aspect

1. It was built in medieval India by the Bhonsle dynasty. It is a beautiful place with garden, which is now maintained as a zoo with rare species of birds and animals

2. Nagpur Darshan a detailed Nagpur travel guide that can assist in planning organized tours. Complete information on places to visit, things to do, place to eat and how to reach can be found in the hand-crafted Tour My India holiday guide of Nagpur.

3. Another place that makes Nagpur a place to be seen is the Raman Science Centre, which was introduced in the city to promote the development and growth of science and technology in industry.

4. Savour the vivid flavors of Nagpur with Tour My India as we bring to you holiday packages that are light on pocket but heavy on fun. Our dedicated travel teams craft the best itineraries to let you enjoy a thorough exploration of Nagpur and find you the best places to stay and the convenient transportation means as well

5. Nagpur offers excellent accommodation options for visitors. The city houses hotels of every budget that cater to all the comfort needs of the guests. Guest houses and even lodges are available for the travellers in Nagpur, these cost-efficient option also ensure a pleasant stay here

All above information gives a brief idea of this project.

AIMS AND OBJECTIVE

AIMS AND OBJECTIVE

The objective of the project is constructed by verifying the needs of users. The main objective of the project is to provide information to the users instantly and get readily available, on various aspect of subject which is previously mentioned in the introduction so the time consuming job of preparing it manually can be reduced. Some other objective is listed below.

1. In the age of internet, of keeping records and collection of books, people usually give preference to get information through web. So the aim is to provide a user friendly atmosphere where collection and retrieval of information is very easy

2. To provide the information to user in one place ,at a time

3. To inform people at large scale

4. To provide collection of information in a single head

5. To provide step by step representation of information this makes it easy to understand.

SYSTEM ANALYSIS

SYSTEM ANALYSIS

IDENTIFICATION OF NEED

There is a need of new system because the main advantage of new system is the availability of information of Nagpur. The website is beneficial as the Nagpur History general knowledge can get the required information at ones place which avers their precious time; since they don't have to search through books.in case of project the new system provides a big collection of Mutual Fund in which some of them are really available in book. So in this is aspect also this system can fulfill the requirement of users.

PRELIMINARY INVESTIGTION

In case of the subject of this project i.e. Nagpur Darshan the existing system is the manual one. The study of existing system is necessary is order to prepare the website according to the need of system.
In manual system, people have to go through various books for the sake of collection information. For this purpose first of all they have to search for required books. In this case the searching prose in time consuming moreover the every time the required books is not available anywhere. In this case also the buyer don't I know whether in the particular depot the
required product is available or not

FEASIBILITY STUDY

FEASIBILITY STUDY

To find the suitability of this project following study has been conducted in different terms as follows:

TECHNICAL FEASIBILITY:-

Technical feasibility concentrates on the technical aspects of the project. This has been conducted regarding the requirement of different hardware and software. This project is technically feasible. This project does not require any special hardware and can run simply on internet explorer.

ECONOMICAL FEASIBILITY:-

It is carried out to find whether the project is financially feasible it carry out.in fact it is done by comparing the benefit and the cost factor involved. The hardware and software requirements of this projects are less expenses and easily available. Thus the cost factor is cheaper. Thus is investment needed to implement the project can be recover which implies the project is economically feasible.

OPERATIONAL FEASIBILITY:-

While making any project it is necessary to study the operational features in provides user friendly feature so that any new user can handle it easily.

Decides the platform used so user friendly that any user can understand it's operational. The easy accessing and user-friendly techniques make this project operationally feasible.

SOFTWARE & HARDWAE SPECIFICATION

SOFTWARE & HARDWAE SPECIFICATION

This project runs on windows operating system. In this project I have used from end as HTML, Windows Internet Explorer

SOFTWARE:-

Software is termed as the group of instruction or command used by the computer to accomplish the given tasks. The software used in our project are as follows-

- **BROWSER**
  - INTERNAL EXPLORER
  - GOOGLE CHROME
  - OPERATING SYSTEM: WINDOWS 10
- **TEXT EDITOR**
  - NOTEPAD

HARDWARE:-

Hardware means the basic physical components, when connected together form a single working unit called computer system. The Hardware configuration required for our project is as follows:-

- 64 MB RAM Or above
- 510 Cache Memory
- 20 GB Hard Disc

<p style="font-size:22px;color:white;font-family:Century
Schoolbook;" align="justify">Nagpur is the largest city in central
India and the second capital of the state of Maharashtra.
It is headquarter of Nagpur district. Nagpur's population is
3,220,000; andlargest city in world.
It ranks as 143rd largest urban area in world in terms of
population.It is the seat of annual winter session of Maharashtra
Vidhan Sabha.
```

The city is the commercial and political center of the state's eastern Vidarbha region.

Nagpur is the seat of the annual winter session of the Maharashtra state assembly.
It is a major commercial and political centre of the Vidarbha region of Maharashtra.
In addition, the city derives unique importance from being the headquarters for the Hindu nationalist organisation RSS and an important location for the Dalit Buddhist movement.
Nagpur is also known for Deekshabhoomi, the largest hollow stupa among all the Buddhist stupas in the world.</P>
Nagpur lies in central India with Zero mile marker, (indicating the geographical center of India) located here.
City was founded by Gond people but later became part of Maratha Empire under the Bhonsles.
British East India Company took over the city in 19th century and made it the capital of Central Provinces and Berar.
<p style="font-size:22px;color:white;font-family:Century Schoolbook;"align="justify">After first state reorganization, it lost the capital status but was made second capital of Maharashtra.
Nagpur is an important location for Dalit Buddhist movement and Hindu nationalist organizations like RSS and VHP.
Nagpur is strategically important as it is situated at the cross-roads of India's North-South and East-West routes by road,
rail and air Nagpur is famous for growing oranges from which it derives it's nickname Orange city.

<h1 style="font-size:24px;color:white;font-family:Century
Schoolbook;">NAGPUR ECONOMY</h1>
```

Nagpur's Economy Nagpur has been the center of commerce in the Vidarbha region since early days and is an important trading location.
However Nagpur's economic importance had gradually declined relative to Mumbai and Pune after the merging of Vidarbha into the Maharashtra because of a prolonged period of neglect by the state government.
Nagpur's economy is now recovering from past slowdown and city has attracted Rupees 5,000 crore in investment in 2004.
During the slowdown, state and central government offices were a major source of employment in the city.
Nagpur regional office of Reserve Bank of India was opened on September 10, 1956 .
The estate's largest unit is of Indo Rama Synthetics, which manufactures synthetic polyester yarn.
Other units in Butibori include the power transmission company KEC,Hyundai Unitech, ACC Nihon Castings Ltd. Koradi & Khaparkheda are 2 thermal power stations located near Nagpur and operated by MSPGCL.

<p style="font-size:22px;color:white;font-family:Century Schoolbook;"align="justify">The Hingna industrial estate located on the western fringes of the city is made up of around 900 small and medium industrial units.
The major ones among them are tractor manufacturing plant of Mahindra and Mahindra, castingunits of NECO Ltd. (the country's largest casting group),
units of International Combustions,Bajaj Auto group,Candico (the SECOND largest confectionery manufacturingplant in India),
Ajanta toothbrushes and Sanvijay Group (largest steel rolling group of companies for long products in Central India).

Nagpur is home to ice-cream manufacturer Dinshaws, Indian dry food manufacturer Haldiram's and Ayurvedic product company Vicco..</p>

<p style="font-size:22px;color:white;font-family:Century Schoolbook;"align="justify">
Currently, Nagpur is witnessing an economic boom as "Multi-modal International Cargo Hub and Airport at Nagpur(MIHAN)" is being developed.
MIHAN will be used for handling heavy cargo coming from south east Asia and Middle east Asia.
Project will also include Rupees10,000 crore Special Economic Zone (SEZ)for Information Technology (IT) companies.
It is expected that the area around the MIHAN industrial project will become Mihanpur,a self- sufficient city when the project takes off.
Mihanpur will metamorphise itself from being a satellite city to become a twin city to Nagpur just like the well known Hyderabad-Secunderabad twins.
</p>

Gond prince of Deogad kingdom, Bhakt Buland, founded Nagpur in the early 18th century in the Chhindwara district. He tried to change the life of Nagpur as his new capital after seeing the advantage of civilized life of Delhi.
His successor Chand Sultan too continued the work of Bhakt Buland. Disputes regarding succession arose with the death of Chand Sultan in 1739.
Maratha governor of Berar, Raghuji Bhonsle, tried to restore his elder son to the throne, and the control of Nagpur slowly passed on from the Gonds to the Marathas. Later Nagpur became the capital of the Bhonsles.
Bhonsles lost to the British and Nagpur came under British influence in 1817. Raghuji III died without leaving any heir in 1853. As a result, the city came under the full control of British under Lord Dalhousie's Doctrine of Lapse.
Nagpur has been the most important city in central India and ws incorporated in the British territory in 1853.
<ul style="font-size:22px;color:white;font-family:Footlight MT Light;">
The city became the capital of central provinces in 1861.
The Hitvada, leading English dalily was launched in 1911.
The foundation stone of Vidhan Bhawan was laid in 1912.
The Nagpur University was founded in 1923.
The all India Radio (AIR) was started in 1947.

Nagpur was made capital of the state of Madhya Pradesh in year 1950.
DR.Ambedkar converted thousands of Dalits to Buddhisum at Deeksha Bhoomi.
Nagpur was parred on to the Maharastra state.

 <p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">
The different Nagpur railway stations are very well-connected to all the four major metropolitan cities in the country.
Thus, this Indian city is very easily accessible from any distant corner of the nation.
Another advantage possessed by the Nagpur railway stations is that all its railway tracks are constructed from the use of electrified broad gauze railway tracks.
This feature of the railway stations in Nagpur decreases the chances derailment and other unprecedented accidents.
  </p>
<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">
Since the railway station at Nagpur is situated approximately at the center, it serves to be one of the most important railway junctions on the southeastern and central railway lines.

There are many small railway stations in Nagpur city, but the major and most famed one is Nagpur.

These railway stations in Nagpur provide an easy access to the various areas and tourist attraction spots which beleaguers Nagpur city.

Deeksha Bhoomi In Nagpur : Deekshabhoomi is a sacred monument of Navayana Buddhism located where the architect of the Indian Constitution, B. R. Ambedkar,converted to Buddhism with approximately 600,000 followers on Ashok Vijaya Dashami on 14 October 1956.
Ambedkar's conversion to Buddhism is deeply significant for millions of people in India.
Deekshabhoomi is one of two places of considered to be of great importance in the life of Ambedkar, the other being Chaitya Bhoomi in Mumbai.
Deekshabhoomi is famous for its architectural beauty and historical importance.
It is one of the main centers of tourism in India.
</P>

Every year, thousands of tourists visit Deekshabhoomi, especially on the anniversary of the conversion ceremony.
On Dhamma Chakra Pravartan Din, thousands of compact cassettes of Ambedkar, Ambedkar movement and Buddha songs are sold at Deekshabhoomi.
The books of few crore rupees in different languages are sold in a single day, this makes Deekshabhoomi a unique place in the world.
Foreign tourists come mainly from the Buddhist countries such as Japan and Thailand.

<tr>
<td>

Nagpur has a number of lakes in and around the city.
Among them, Ambazari Lake stands out for its mesmerising beauty and sheer size.
For the records, it is the largest lake in the city.
This stunning lake is located on the southwest border of Nagpur and is a heaven for nature lover.
Around the lake, one can find plenty of rare flora and fauna.
The lake is spread across 15 kms and is maintained by the Nagpur Municipal Corporation (NMC).
Offering great opportunity for boating, Ambazari Lake also marks the beginning of the Nag River.
</P>

Adjacent to the lake is an exquisite garden named Ambazari Garden.
The garden is spread over 20 acres of land and was built in 1958.
If you are travelling with kids, this is a place you wouldn’t want to skip.
Ambazari Lake is a picnic spot with dynamic activities.
During weekends and evenings, tourists throng to the shore of this lake to have merry making and enjoyments.
The lake offers great facilities for thrilling boating experiences.

<tr><td colspan='3' align='center'><h1 style="color:white;font-family:Century Schoolbook;">ZERO MILE</h1></td></tr>
<tr>
<td>

Zero Mile in Nagpur Nagpur lies precisely at the center of the country with the Zero Mile Marker indicating the geographical center of India.
The Zero Mile Stone was erected by the British who used this point to measure all the distances.
The Zero Mile Stone consists of four horses and a pillar made up of sandstone.
It is located on the south east of Vidhan Bhavan, Nagpur.
</P>

123 Zero Mile Stone is a monument built by British during Great Trigonometrical Survey of India in 1907 in Nagpur, Maharashtra.
The Zero Mile Stone consists of a pillar made up of sandstone and another small stone representing the GTS Standard Bench Mark, and four stucco horses that were added later.
The height of the top of the pillar is 1020.171 feet above mean sea level.
In 2008, The Times of India undertook to maintain the monument for the next 5 years.
Contrary to the popular belief, there is no verifiable evidence that it is a monument locating the geographical centre of colonial India in the city of Nagpur, Maharashtra, or that the Zero Mile Stone was erected by the British to use this point to measure all the distances.

<tr><td colspan='3' align='center'><h1 style="color:white;font-family:Century Schoolbook;">|| Sai Mandir ||</h1>
</td></tr>
<tr>
<td>

The idea of constructing a temple like Shirdi Mandir on a larger scale originated from Shri Sai Mandir Dhantoli.
One body for this purpose was formed in 1971.
For legal fulfillment one trust was formed in 1972 which was registered at same time.
The present sight was purchased from Shri Banerjee in 1974 and Bhoomipujan was performed in 1976.
The required funds were raised by way of donations, cultural programs.
The main designer and Architect of the Mandir is Shri Shivdanmal who took pains in entire construction of Mandir.

The attractive idol is donated by Shri Babulalji Warti.

This idol is identical to Shirdi mandir and the sculpture is provided by Shri Talim of Mumbai. The entire construction got completed in 1979.

The religious ceremony of Consecration of the idol was performed during period 1st December 1979 to 4th December 1979 which

was celebrated by the gracious hands of Chief venerable Godavari Mata from Sakori (a place near Shirdi).

It is believed that Shri Saibaba is having his blessings on this Temple. The endeavor is made to propagate the teachings of Saibaba through programs and cultural activities.

Approximately 2000 devotees visit the temple everyday, but on Thursdays this figure raises to more than 25000.This is a very old record ,I assume it to be atleast 5-8 times more than the figure mentioned here .

<tr>
<td>

A temple dedicated to Lord Shiva and Ram, the Sri Poddareshwar Ram Mandir is visited by Hindus from all over the country.
Located in Nagpur city of Maharashtra, this beautiful temple is very old and it is believed anybody who visits this place gets peace of mind, if nothing else.
The Ram mandir has the idols of Lord Ram, Lakshman, Hanuman, and Mata Sita.
The idols are in the Ram Parivar posture and are worshipped by hundreds of devotees every day.

The Sri Poddareshwar Ram Mandir has a big dharamsala right in front as well, and many travellers stay and eat here.

It’s vicinity to the Nagpur railway station makes it easily accessible and a great option to stay for people who have a tight budget.
Most of the main markets of the city are near this dharamsala as it is visited by a lot of people all throughout the year.
The temple committe is considering the expansion of the dharamsala.
Whether you are religious or not, you can consider visiting this place.
The temple of Nagpur has a beautiful structure with amazing architecture and has been made of sandstone and marble.
It is always peaceful and tranquil and spending some moments here is sure to make you feel refreshed.
Every year during Ram Navami, a shobhayatra is taken out that attracts thousands of people.

<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">

The University was established as Nagpur University on 4 August 1923 with six affiliated colleges and 927 students.
By 1947, the number of students had increased to about 9,000, offering significantly more subjects.
The library and sports facilities expanded during these years.
In 1958, departments in arts and social science opened and in 1963, several additional science teaching departments were added.
</P>
<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">

These departments were moved to buildings on the main campus in 1972 and 1973.
In May 1983, the university was divided to form Amravati University. In 2005, the university was renamed Rashtrasant Tukadoji Maharaj Nagpur University, and in September 2011 the university was again divided to create Gondwana University.

College of Agriculture in Nagpur provides impetus in agricultural research.City's Raman Science Centre promotes scientific attitude and has 133 seat planetarium.

Bhosle Dumb and Deaf School, Bharat Muk Vidyalaya and Residential Blind Boys Institution provide education to physically challenged.
Matru Sewa Sangh's Nandanwan school is for physically handicapped and mentally retarded children.

</td>
<td><img src="SPR.JPG" style="width:400px;height:350px"></td><td> </td>

<table width='100%' cellpadding='5' cellspacing='0' style='margin-top:20px'>
<tr><td colspan='3' align='center'><h1 style="color:white;font-family:Century Schoolbook;">COMMERCE COLLEGE</h1></td></tr>
<tr>
<td><img src="GS.jpg" style="width:450px;height:420px"></td><td> </td>
<td>

Govindram Seksaria College of Commerce and Economics, Nagpur was established in 1945 by Shiksha Mandal, Wardha to fulfill the requirement of Commerce education in the region during the pre-Independence period.
It is the first Commerce College in the city of Nagpur and only the second in Nagpur University: the first being G. S. College of Commerce, Wardha.
Reaccredited with ‘A’ grade by NAAC (National Assessment & Accreditation Council, Bangalore), in 2016, the college today stands tall as the first Autonomous Commerce College in the RTM Nagpur University.
</P>

<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">
G. S. College of Commerce and Economics, Nagpur was essentially conceived as a specialized Commerce College and today it is justifying its genesis through the successful implementation of both under-graduate and post-graduate courses in Commerce and Management streams.
Moreover, under Autonomy more UG/PG/Certificate courses will be introduced in near future to offer more horizontal and vertical mobility to students and to add to their competencies. Efforts by a team of well-qualified teachers and researchers, and the right combination of curricular, co- curricular and extra-curricular activities have ensured that our students emerge as not only competent professionals but also good citizens.
</td>

<tr>
<td>
<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">
Nagpur is an industrial and commercial city situated in the centre of India.
Formerly, it was the capital of the former State of Madhya Pradesh and now it is the sub-capital of the State of Maharashtra.
A full fledged High Court was established at Nagpur on 9-1-1936.
Sir Gilbert Stone,a Judge of the Madras High Court was appointed as first Chief Justice.
The foundation stone of the new building (present High Court building) was laid by late Sir Hyde Gowan on 9-1-1937.
</P>
<p style="font-size:22px;color:white;font-family:Footlight MT Light;" align="justify">

The building was designed by Mr.H.A.N. Medd, Resident Architect.
It was constructed at a cost of Rs.7,37,746/-.
The building consisted of two stories with a garden courtyard in the centre.
The outside dimensions are 400 ft x 230ft.
```

The original design provided for a main central dome rising 109 feet above ground land, the remainder of thebuilding being approximately 52 feet in height.
The building has been constructed with sandstone.
The building is declared open on 6th January, 1940.
On the opening ceremony the Viceroy of India described this building as a poem in stone.
The High Court has a fairly well planned garden on the eastern as well as western sides.

NAGPUR ECONOMY

Nagpur's Economy Nagpur has been the center of commerce in the Vidarbha region since early days and is an important trading location. However Nagpur's economic importance had gradually declined relative to Mumbai and Pune after the merging of Vidarbha into the Maharashtra because of a prolonged period of neglect by the state government. Nagpur's economy is now recovering from past slowdown and city has attracted Rupees 5,000 crore in investment in 2004. During the slowdown, state and central government offices were a major source of employment in the city. Nagpur regional office of Reserve Bank of India was opened on September 10, 1956 . The estate's largest unit is of Indo Rama Synthetics, which manufactures synthetic polyester yarn. Other units in Butibori include the power transmission company KEC,Hyundai Unitech, ACC Nihon Castings Ltd. Koradi & Khaparkheda are 2 thermal power stations located near Nagpur and operated by MSPGCL.

The Hingna industrial estate located on the western fringes of the city is made up of around 900 small and medium industrial units. The major ones among them are tractor manufacturing plant of Mahindra and Mahindra, castingunits of NECO Ltd. (the country's largest casting group), units of International Combustions,Bajaj Auto group,Candico (the SECOND largest confectionery manufacturingplant in India), Ajanta toothbrushes and Sanvijay Group (largest steel rolling group of companies for long products in Central India). Nagpur is home to ice-cream manufacturer Dinshaws, Indian dry food manufacturer Haldiram's and Ayurvedic product company Vicco..

Currently, Nagpur is witnessing an economic boom as "Multi-modal International Cargo Hub and Airport at Nagpur(MIHAN)" is being developed. MIHAN will be used for handling heavy cargo coming from south east Asia and Middle east Asia. Project will also include Rupees10,000 crore Special Economic Zone (SEZ)for Information Technology (IT) companies. It is expected that the area around the MIHAN industrial project will become Mihanpur,a self- sufficient city when the project takes off. Mihanpur will metamorphise itself from being a satellite city to become a twin city to Nagpur just like the well known Hyderabad- Secunderabad twins.

SITABULDI

Gond prince of Deogad kingdom, Bhakt Buland, founded Nagpur in the early 18th century in the Chhindwara district. He tried to change the life of Nagpur as his new capital after seeing the advantage of civilized life of Delhi. His successor Chand Sultan too continued the work of Bhakt Buland. Disputes regarding succession arose with the death of Chand Sultan in 1739. Maratha governor of Berar, Raghuji Bhonsle, tried to restore his elder son to the throne, and the control of Nagpur slowly passed on from the Gonds to the Marathas. Later Nagpur became the capital of the Bhonsles. Bhonsles lost to the British and Nagpur came under British influence in 1817. Raghuji III died without leaving any heir in 1853. As a result, the city came under the full control of British under Lord Dalhousie's Doctrine of Lapse. Nagpur has been the most important city in central India and ws incorporated in the British territory in 1853.

- The city became the capital of central provinces in 1861.
- The Hitvada, leading English dalily was launched in 1911.
- The foundation stone of Vidhan Bhawan was laid in 1912.
- The Nagpur University was founded in 1923.
- The all India Radio (AIR) was started in 1947.

Nagpur was made capital of the state of Madhya Pradesh in year 1950. DR.Ambedkar converted thousands of Dalits to Buddhisum at Deeksha Bhoomi. Nagpur was parred on to the Maharastra state.

North Latitude – 210.07; East longitude – 790.07
Height above mean sea level – 312.42 mtrs.

Location - It is practically at geographical center of India, in fact the zero milestone of India is in this city. All major highways NH-7 (Varanasi - Kanyakumari) & NH-6 (Mumbai - Sambalpur - Calcutta) amd major railways trunk route (Mumbai, Chennai, Howrah * Delhi) pass through the city. Important Central & State Government offices and institutions are located in Nagpur. Industrial Development is existing along the fringe areas like Kamptee, Hingna, Wadi, Khapri, Butibori and Kalmeshwar.

Maximum, Average & Minimum Rain fall are 1993 mm, 1205 mm and 606 mm respectively. Nagpur's Municipal Limits encompass 217.56 Square Kms of land areas Nagpur is 837 kms. From Mumbai, 1094 Kms south of Delhi, 1092 kms north of Chennai and 1140 kms west of Calcutta.

The town is dominated by the British fort built in 1818 on the twin hills of Sitabuldi in the centre of the city. It overlooks the civil lines on the west, the city proper on the east and north,and the suburb of Sitabuldi (Burdi) to the south. Northwest of the civil lines is the Gorewara reservoir with a dam 2,350 ft long. There are several fine old reservoirs (tanks) notably Shukrawari (Jumma) Talao, Ambazari and Telankhedi, and many parks in and around the city.

The surrounding region is an undulating plateau rising northward to the Satpura Range, from 889 to 2,142 feet (271 to 653 m) high and is drained by the Kanhan and Pench rivers in the center, the Wardha in the west, and the Wainganga in the east. Both these rivers later merge as tributaries into the Godavari river. The soil is fertile black (cotton) in the west and the north and alluvial in the east. The average annual rainfall is 45 inches, with more rain in the east than in the west. In the west, the hills are forested. In the northeast are the hills of Ramtek

RAILWAY STATION

The different Nagpur railway stations are very well-connected to all the four major metropolitan cities in the country. Thus, this Indian city is very easily accessible from any distant corner of the nation. Another advantage possessed by the Nagpur railway stations is that all its railway tracks are constructed from the use of electrified broad gauze railway tracks. This feature of the railway stations in Nagpur decreases the chances derailment and other unprecedented accidents.

Since the railway station at Nagpur is situated approximately at the center, it serves to be one of the most important railway junctions on the southeastern and central railway lines. There are many small railway stations in Nagpur city, but the major and most famed one is Nagpur. These railway stations in Nagpur provide an easy access to the various areas and tourist attraction spots which beleaguers Nagpur city.

BY ROAD

Bombay Calcutta NH-6 and Kanyakumari Varanasi NH-7 pass through the city. This city is well connected by road with major cities and villages in and out the state of Maharashtra. Nagpur is a major junction for roadways as India's two important National Highways NH-7 which connects North to South(Varanasi- Kanyakumari) and NH-6 which connects East to West(Kolkata- Hajira) pass through the city.

One more National Highway No.69 connect Nagpur to Obaidullaganj near Bhopal. Three State Highways are also passes through the city. Nagpur is at the junction of two Asian Highways namely AH43 Agra to Matara, Sri Lanka and AH46 connecting Kharagpur, India to Dhule, India. City buses, Auto rickshaws and Taxi are the main form of hired transport within the city.

METRO STATION

The Nagpur Metro system is an urban Mass Rapid Transit System(MRTS) being built by the Maharashtra Metro Rail Corporation Ltd. (MahaMetro) to serve the city of Nagpur in eastern Maharashtra. Construction for its 38.215 km first phase started in 2015 and is expected to be completed in 2022(estd.0 with a mix of elevated & at-grade level lines.

In November 2017, mahaMetro's board approved a 3 km extension of line-1 with the addition of two new stations at Ecopark and Metro City -extending the first phase of the project to 41.7km. This extension however was not approved by the state goverment.

CAB

DEEKSHABHOOMI

Deeksha Bhoomi In Nagpur : Deekshabhoomi is a sacred monument of Navayana Buddhism located where the architect of the Indian Constitution, B. R. Ambedkar,converted to Buddhism with approximately 600,000 followers on Ashok Vijaya Dashami on 14 October 1956. Ambedkar's conversion to Buddhism is deeply significant for millions of people in India. Deekshabhoomi is one of two places of considered to be of great importance in the life of Ambedkar, the other being Chaitya Bhoomi in Mumbai. Deekshabhoomi is famous for its architectural beauty and historical importance. It is one of the main centers of tourism in India.

Every year, thousands of tourists visit Deekshabhoomi, especially on the anniversary of the conversion ceremony. On Dhamma Chakra Pravartan Din, thousands of compact cassettes of Ambedkar, Ambedkar movement and Buddha songs are sold at Deekshabhoomi. The books of few crore rupees in different languages are sold in a single day, this makes Deekshabhoomi a unique place in the world. Foreign tourists come mainly from the Buddhist countries such as Japan and Thailand.

AMBAZARI LAKE

Nagpur has a number of lakes in and around the city. Among them, Ambazari Lake stands out for its mesmerising beauty and sheer size. For the records, it is the largest lake in the city. This stunning lake is located on the southwest border of Nagpur and is a heaven for nature lover. Around the lake, one can find plenty of rare flora and fauna. The lake is spread across 15 kms and is maintained by the Nagpur Municipal Corporation (NMC). Offering great opportunity for boating, Ambazari Lake also marks the beginning of the Nag River.

Adjacent to the lake is an exquisite garden named Ambazari Garden. The garden is spread over 20 acres of land and was built in 1958. If you are travelling with kids, this is a place you wouldn't want to skip. Ambazari Lake is a picnic spot with dynamic activities. During weekends and evenings, tourists throng to the shore of this lake to have merry making and enjoyments. The lake offers great facilities for thrilling boating experiences.

GENESH TEKDI MANDIR

Tekdi Ganesh Mandir An ancient and famous temple of Tekdi Ganesh is also known as 'Tekadicha Ganpati' which has an immense importance among the locals. The temple is located at Nagpur city of Maharashtra.

A few years ago, the idol of Lord Ganpati was identified below the Shami tree. Later, the ancient idol of Ganesha was re-established it was considered as the deity of the town. The temple carries huge importance among Nagpurians who daily visit the temple.

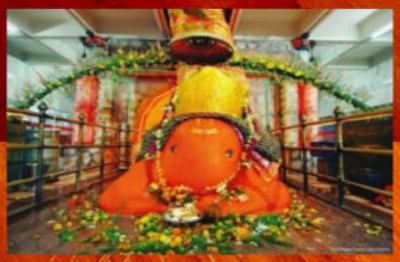
Nagpur Temples

| | Shri Ganesh Tekdi | |



In Nagpur there are number of oldest and ancient temples, Shri Ganesh Tekdi Temple is one of them. This temple is most popular and famous in Nagpur. Looking it's popularity, the number of devotees are increasing day by day. The atmosphere is very pleasing and pure beside the temple. It's name is given as Tekdi Ganapati because it is constructed on a hill and in Marathi Language a hill is called as a Tekdi.

It is believed to be approximately 250 years old.When first built, there was a ordinary tin shade and a small platform. It started improving after 1970s, after the Military defense took its possession and in 1965 Late honorable then defense Minister Shri Yashwantrao Chavan arranged the possession of the temple and adjoining land to temple trust. In 1978 the big project of the construction of Ganesh temple started in full swing.

| | Sai Mandir | |

The idea of constructing a temple like Shirdi Mandir on a larger scale originated from Shri Sai Mandir Dhantoli. One body for this purpose was formed in 1971. For legal fulfillment one trust was formed in 1972 which was registered at same time. The present sight was purchased from Shri Banerjee in 1974 and Bhoomipujan was performed in 1976. The required funds were raised by way of donations, cultural programs. The main designer and Architect of the Mandir is Shri Shivdanmal who took pains in entire construction of Mandir. The attractive idol is donated by Shri Babulalji Warti.

This idol is identical to Shirdi mandir and the sculpture is provided by Shri Talim of Mumbai. The entire construction got completed in 1979. The religious ceremony of Consecration of the idol was performed during period 1st December 1979 to 4th December 1979 which was celebrated by the gracious hands of Chief venerable Godavari Mata from Sakori (a place near Shirdi). It is believed that Shri Saibaba is having his blessings on this Temple. The endeavor is made to propagate the teachings of Saibaba through programs and cultural activities. Approximately 2000 devotees visit the temple everyday, but on Thursdays this figure raises to more than 25000.This is a very old record ,I assume it to be atleast 5-8 times more than the figure mentioned here .

| | Balaji Mandir | |

The Balaji Mandir, Nagpur is one of the most popular temples of Nagpur in the state of Maharashtra. The deity that is worshipped in the Balaji Mandir of Nagpur is Lord Balaji, who is one of the most commonly worshipped deities of the entire country of India. The people having faith in the Hindu religion worship Lord Balaji with a lot of devotion.

When first built, there was a ordinary tin shade and a small platform. It started improving after 1970s, after the Military defense took its possession and in 1965 Late honorable then defense Minister Shri Yashwantrao Chavan arranged the possession of the temple and adjoining land to temple trust. In 1978 the big project of the construction of Ganesh temple started in full swing.

Education In Nagpur

RTMNU

Rashtrasant Tukadoji Maharaj Nagpur University (RTMNU), formerly Nagpur University, is a public state university located in Nagpur, Maharashtra. It is one of India's oldest universities, the second oldest in Maharashtra. It is named after Rashtrasant Tukdoji Maharaj, a renowned spiritual leader, orator and musician from Vidarbha. The university is a member of the Association of Indian Universities and the Association of Commonwealth Universities. Nagpur is a major Education Hub in Central India.

Nagpur has 27 Engineering Colleges and 13 Medical Colleges. Nagpur has both "municipal schools";(run by the NMC) and Private schools of State Board and CBSE Pattern (run by Trusts or Individuals),which in Some cases receive financial aid from the government. Nagpur University is one of the oldest in the country and has geographical jurisdiction overthe five districts of Nagpur division in addition to giving affiliation to hundreds of colleges. Nagpur also has Maharashtra Animal and Sciences University(MAFSU) for animal sciences. Nagpur has engineering colleges which provide education in various specialty courses.

The University was established as Nagpur University on 4 August 1923 with six affiliated colleges and 927 students. By 1947, the number of students had increased to about 9,000, offering significantly more subjects. The library and sports facilities expanded during these years. In 1958, departments in arts and social science opened and in 1963, several additional science teaching departments were added.

These departments were moved to buildings on the main campus in 1972 and 1973. In May 1983, the university was divided to form Amravati University. In 2005, the university was renamed Rashtrasant Tukadoji Maharaj Nagpur University, and in September 2011 the university was again divided to create Gondwana University. College of Agriculture in Nagpur provides impetus in agricultural research.City's Raman Science Centre promotes scientific attitude and has 133 seat planetarium. Bhosle Dumb and Deaf School, Bharat Muk Vidyalaya and Residential Blind Boys Institution provide education to physically challenged. Matru Sewa Sangh's Nandanwan school is for physically handicapped and mentally retarded children.

COMMERCE COLLEGE

Govindram Seksaria College of Commerce and Economics, Nagpur was established in 1945 by Shiksha Mandal, Wardha to fulfill the requirement of Commerce education in the region during the pre-Independence period. It is the first Commerce College in the city of Nagpur and only the second in Nagpur University: the first being G. S. College of Commerce, Wardha. Reaccredited with 'A' grade by NAAC (National Assessment & Accreditation Council, Bangalore), in 2016, the college today stands tall as the first Autonomous Commerce College in the RTM Nagpur University.

G. S. College of Commerce and Economics, Nagpur was essentially conceived as a specialized Commerce College and today it is justifying its genesis through the successful implementation of both under-graduate and post-graduate courses in Commerce and Management streams. Moreover, under Autonomy more UG/PG/Certificate courses will be introduced in near future to offer more horizontal and vertical mobility to students and to add to their competencies. Efforts by a team of well-qualified teachers and researchers, and the right combination of curricular, co- curricular and extra-curricular activities have ensured that our students emerge as not only competent professionals but also good citizens.

TESTING

TESTING

TESTING TECHNIQUES AND TESTING STRATEGIES:

Testing is vital to the success of the system, system testing makes logical assumptions that if all the parts of system are correct, and the goal will be successfully achieved."
Another reasons for the testing is that provider the system Designer a chance to check the system and if needed upgrade or improve the system. The best program is worthless is it does not meet user needs.

PROGRAM TESTING:

In this testing stress is given to analyze the software of the system and while testing programs is made free from syntax error, logical error, and computer bugs etc.

DOCUMENTION TESTING:

Usability tests the various manuals and the various documents, which supports the working system of the system? It tries to find out that the document given with the project is enough or not. It verifies the user-friendly nature of system .It was found that the full documentation of the project was available and no further documentation was needed to support the working of the system.

SYSTEM SECURITY MEASURES

SYSTEM SECURITY MEASURES

System security is the technical innovation and procedures applied to the hardware & operating system to protect against deliberate or accidental damage from a defend threat. There are many threats to the system like error and omission fire, nature disaster and external attack.

Every system must provide built in future for security and integrity of data without safe ground against unauthorized access, fraud and embezzlement and like so the system is to threaten the survival of the organization. Thus is must be provided.

Before uploading the site, the first things, which is done, is booking if the space in the mainframe computer. Then the web server, anti-virus and firewall check the entire virus. If virus are found the are scanned and the data is made virus free .Thus in this way system & measures are provided.

IMPLEMENTATION, EVALUATION AND MAINTENANCE

IMPLEMENTATION, EVALUATION AND MAINTENANCE

IMPLEMENTATION:-

The system implementation involves the conversion of design into the actual system. The system implementation stands for the conversion of three types:-

1. System conversion of manual system into computerized system in the way to understand by the user of the project made by me being access very easily.
2. Conversion of existing computerized system into modified version of hardware this is the stage where hardware and software both are checked by me better performance of running project made by me.
3. Keeping the hardware and implementing the new techniques is the where we checked other hardware i.e., RAM HARDDISC

for better performance of the running project is going to implementation by manual system into computerized system, which is very easy to handle and very valuable in today's world.

In these project all type of implementation used

EVALUATION:-

After the implementation stage, another important stage is project development is evaluation. After keeping the project in the working condition for some time, all the errors that are show in the computer program should be removed. The programmer need to correct them so that the same error should not be repeated. After evaluating the program and satisfying the need of user the program is maintained fully to give the same functionality for what is was intended to be these stage should be implemented so as to regular functionality for what is was intended to be this stage should be implemented so as to regular check-up of errors with error/ handling techniques. This stage is updating and correcting of the program to account for changing condition or field experience. The evaluation process includes the study of the existing system their drawbacks and the various option to improve the system. The concentration should be on the satisfying the primary requirement of the user. The system is evaluated on the basis of:-

1. System availability
2. Compatibility
3. Correcting errors
4. Resolving necessary changes
5. Specification Changes
6. Enhances or modifying the system maintenance

MAINTENANCE:-

The maintenance covers the wide range of activities including correcting coding and design errors, updating user support. The project needs maintenance in future if any enhancements are made, maintenance of hardware and software is also required for maintenance such website coding is tested in various hardware and software. We use this website run this website MICROSOFT INTERNET EXPLORER, GOOGLE CHROME etc. Maintenance is those where the software and hardware both are being checked for better performance of the project. Maintenance is performed for two reasons. The first of these is to correct software error. No matter how thoroughly the system is tested, bugs or errors deep into the computer program. The total cost of maintenance is likely to exceed system of development. At certain point it becomes more feasible to perform a new information system.. After the System is installed, maintenance is done.

FUTURE SCOPE OF THE PROJECT

FUTURE SCOPE OF THE PROJECT

A website is a very good medium which provides the facility of availability of required information in less time span. Majority of people prefers to website rather than reading books and collection records.

This project is useful for collecting information about the class of literature mentioned as earlier i.e. Nagpur Darshan. The user will find out the required data very easily, because of the efficient structure of website.

SUGGESTION AND CONCLUSION

SUGGESTION AND CONCLUSION

We have chosen this topic because we wanted to know more about Nagpur city and its history we wanted that you will get required and desired information about the different places in Nagpur city.
This website is useful for all the age group as this contains all information about the place which can be read and understood by all the age group of people. This website is informative and it's useful for learning purpose. We have developed this website just to make people aware about the Nagpur city. Our website is helpful for tourist who have interest visiting Nagpur city.
We have made this website a compact one as this website provides all information related to the Nagpur like lakes , gardens, temples, hotels and many more information which are all required by a tourist).The Photo Gallery is provided because the visitor should get the beauty of Nagpur city by just visiting the photos. The Feedback form is used for the visitors as there are any suggestions for the website or any feedback regarding a place or website and the About Us page is given as any of the visitors want to contact with us and could directly reach us in no time.
We have not seen any website which provides complete compact information of visiting places, hotels and no such website which provides photo gallery in a single website.
While making this project we have learned about Nagpur city very much.
We have used different browsers to test the website like Internet explorer , Google chrome.
This project is useful for visitors to increase the tourism in Nagpur city. From this project we have learn HTML language, CSS and we have used different tags and commands for making this more attractive. Visitors can access easily this website anywhere any time.
This project was developed so that the user can get a good quality of website and provide a high level of satisfaction to the users.
