TERMINOLOGIES

1) AUDIT :

- i) Vouching:- Vouching is a technical term which refers to the inspection of documentary evidence supporting and substantiating a transaction, by an auditor. It is the practice followed in an audit, with the objective of establishing the authenticity of the transaction recorded in the primary books of account. It essentially consists of verifying a transaction recorded in the books of account with the relevant documentary and the authority on the basis of which the entry has been made, also confirming that the authority on the basis of which the entry has been made; also confirming that the amount mentioned in the voucher has been made; also confirming that the amount mentioned In the voucher has been posted to an appropriate account which would describe the nature of the transaction on its inclusion in the final statements in account Vouching do not include valuation.
- ii) Verification:-Verification enables an auditor to confirm the result of Vouching about the ownership or the existence of the assets and the liabilities.

Essential to discharge the legal duties imposed on the auditor by Companies Ordinance sub-section 3 of section 255.

Enable an auditor to submit the report addressed to the shareholders.

2) TAXATION:-

Indirect (gst):-•GST (goods and service tax) is a indirect tax levied on goods and services.

- GST is a single tax on the supply of goods and services.

- GST improve overall economic growth of the nation.

- GST is a comprehensive indirect tax levy on manufacture, sale and consumption of goods as well as services at the national level.

It will replace all indirect taxes levied on goods and services by states and central.

Direct (income tax) :- Income Tax is a direct and single tax charged on the income of any person for a relevant income year in relevant assessment year.

That means, in order to generate revenues, Government imposes tax on various areas. Of them Income Tax is the tax which is levied on the taxable income of a person or entity as per the provisions of the income Tax Ordinance, 1984.

3) PROJECT FINANCING:-

The International Project Finance Association defines Project finance as “financing of long-term

infrastructure, industrial projects, power plant, etc., where project debt and equity used to finance the project are paid back from the cash-flow generated by the project.”

The two key aspects of project financing are:

- 1. The project revenues (cash flows) are expected to service debt or equity interest taken by the providers of capital.
- 2. The loans are secured by the project assets or, to the extent security interests are restricted or have limited value, are secured by contingent support from sponsors and other project participants.

***SCOPE OF THE
STUDY***

Internship at KRSR & ASSOCIATES was my first experience . I learn a lot new things about gst aduit income tax.

1] Tally Accounting:

Tally is most used accounting software. Small and medium sized business can take services from CA firms who can allocate accountants to handle accounting for your business.

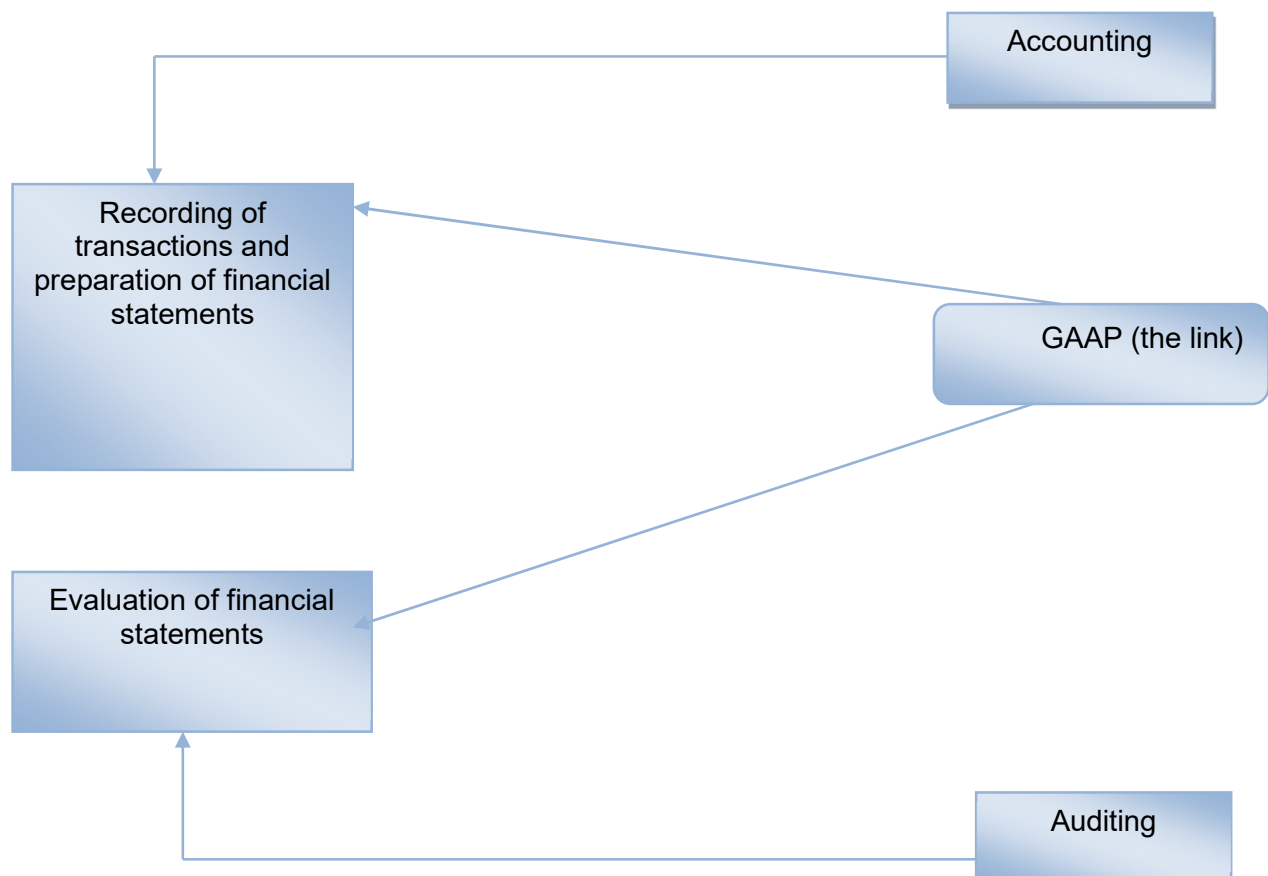

2] Tax Audit:

Tax Audit is requirement of Income Tax Act for companies large businesses Tax Audit Report helps in compliance of income tax laws & highlights key tax related information

Experienced CA firms can help in reducing non-compliance of income tax laws.

Difference between auditing & accounting:

several customers and members confuse with accounting and auditing, because maximum auditing is concerned with accounting information also many auditors have considerable expertise in accounting matters.

of Accounting the system of recording and summarizing business and financial transaction and analyzing, verifying, and reporting the results of financial information for decision making. It's provides service to an entity.

Financial auditing is the process of examining an organization's (or individual) financial records to determine if they are accurate and in accordance with any applicable rules (including accepted accounting standards), regulations, and laws.

Auditing is the process of examining an organization's (or individual) financial records to determine if they are accurate and in accordance with any applicable rules (including accepted accounting standards), regulation, and laws. From the point view of the audit of financial statements, these are generally accepted accounting principles (GAAP).

Requirements of an Effective Audit:

In order for an audit to be completed properly, auditor must contain certain attributes. Such as:

- Auditor must have a thorough understanding of the entity being audited and the industry of which it is a part.
- The auditor must also have a comprehensive knowledge of GAAP in order to audit effectively.
- A solid grasp of concepts of internal control and a careful review and evaluation of internal accounting controls are also necessary ingredients to an effective audit.
- In addition to understanding the company, GAAP, and internal control, the auditor must also be knowledgeable in the area of evidence gathering and evaluation.

According to Taylor and Glezen, 1979, to become a chartered accountant, a person must fulfill the following requirements:

- ☐ An Educational Requirement
- ☐ An Experience Requirement

***OBJECTIVE OF THE
STUDY***

1. To know suggestions and feedback of customers this will help firm, this will help firm to improve in future .
2. To know the customer perception towards KRSK & ASSOCIATES.
3. To make study of gst.
4. To know about customer satisfaction and dissatisfaction.
5. Evaluation of role of KRSK & ASSOCIATES in nagpur.
6. Measuring the service quality being provided by KRSK & ASSOCIATES.
7. Studying the importance of audit.
8. To get exposure to do a work in an organisation and also known about organisational behaviour, ethical rules and regulations.
9. To improve communication skills.
10. To know how a chartered accountants Firm performs an audit.
11. To acquire intensive knowledge about the audit practice followed by the company.
12. How the audit procedure is being planned and in what proper manner it is being implemented.
13. Adapting as a professional organizational environment
14. Examining whether the cash incentive facilities were really misused before the introduction of independent cash incentive audit.
15. How field work is performed during the audit.

***NEED OF THE
STUDY***

1. CA is a financial advisor he can help us in financial planning.
2. To make relationship between the client.
3. Accountants other than CAs are less experienced and by default are less professional.

However, accountants are capable of doing their jobs well but they can't match the level of professionalism a CA has.

4. A business can trust a Chartered Accountant with all its money as CAs are obliged to follow certain norms acknowledged by the ICAI.
5. A practising and efficient CA can help you out with more services apart from just filling out the returns.
6. For tax compliances – If you are registered under the tax government it will not only ask you to maintain the records of business transactions but will require you to calculate tax accurately on the transaction.
7. Here you need a CA as he/she is the one with complete knowledge related to the regulatory norms on tax.

Significances of the Study:

1. Every Internship report is an essential partial requirement of MBA program.
2. Because of the knowledge & learning become great when it's linked both academic and practical knowledge. By internship program student can create contacts & networking.
3. Contact helps to get a good job in our practical life. Every student prepares themselves for the job market.

1) I got to do vouching of expenses and income

(initial stage of audit) of the temple.

- While doing vouching of income and expenses, we checked each and every receipt of income of that temple.
- We were told to make a query sheet of any mistake or issue while doing this.
- Checking each and every receipt was a hectic thing to do but that helped me understand .
- flow of a transaction and finally how it helps in the preparation of financial statements.

Communicating the audit result:-

At the last stage of the audit, the audit team communicates the audit result to the Trustee and the Stakeholders of the fund. The auditor should review and assess the conclusion drawn from the audit evidence obtained during the course of the audit. Before finalizing the audit the audit report the following formalities are maintained which are as follows.

a) Draft Audit Report

On evaluation and finalization of audit findings the audit firm communicates the audit report to the clients in draft form to the clients.

b) Discussion of Audit Report With Exit Meeting

After preparation of draft audit report the audit firm documents all the matters, which are important in providing guidance that the audit are carried out with the basic principles of auditing. Then the firm discusses with the clients the audit findings at an exit meeting presented in the audit report .Firm invites comments on findings from the management and documents therein and documents the comments given by the client.

c) Finalizing the Audit Report

After making final amendments the firm submits the final report to the clients with the auditors' report.

VALUE OF CLIENTS:-

It is certain that each and every information of a client is confidential to a firm. so aim is to provide value to clients. KRSK & ASSOCIATES develop their auditing approach with that of other firms. it undertakes the following

Building up the working relationships will be fine.

The ability to understand client business.

Firstly we gather initial information to evaluate the financial position of the client. secondly we analyze it and verify with the proper documents. thus we come across to know ;

Client's business nature easily be understood

Internal control structure

Client expectation

We also collect informative documents like ;

- Last year audit report
- Board minutes
- Internal audit report

Formally internal control structure helps to detect fraud and errors.

Specific accounts risk analysis:-

Sometimes verification of all accounts won't be easy because of time constraint. then it is urgent for the audit team to analyse the risk assesment of some specific accounts. these can be ;

3) Accounts Receivable

4) Accounts Payables

5) Non current Assets

6) Inventory

7) Cash and Cash equivalents

8) Retained Earnings

9) Tax and Vat

10) Non current Loan etc.

Evaluation and communication of Audit result:-

At the final stage of audit, the respective audit team communicates with the outcome of the audit to management and the shareholders of the entity. The audit team initially issues two types of reports :

1) Auditor's report –commonly known as external report.

Management letter –commonly known as internal report.

Auditor's report usually made for Share holders and other external party's. on the other hand.

management report is made for internal users. its a recommendation letter for internal authority only.

LIMITATION OF STUDY

- 1) Internship time period was very short i.e 45 days.
- 2) In 45 days it's not possible to even gain a bird eye view of such vast concepts like taxation and audit.
- 3) Scheduled time span was not sufficient to cover all information.
- 4) As this internship was my first internship, I was unaware of the practicality of audit and taxation procedures..
- 5) Each one organization has their own secrecy that is not revealed to others. During collecting the data they did not disclose much information for asked of confidentiality of the organization.
- 6) Besides I have failed to observe application of related laws procedures followed during audit function.

***RESEARCH
METHODOLOGY***

Data collection:-

Data collection is the systematic approach to gathering and measuring information from variety of sources to get a complete and accurate picture of an area of interest.

I have prepared this report on the basis of my experience gathered and from respected sir. I have disclosed my experience and finding in the analysis part by using different charts and tables. The methodology of the study mainly supplies the statistical methodology in collecting data and necessary analysis on different applicable laws and act. The details of the study are described below:

PRIMARY DATA

Data used in research originally obtained through the direct efforts of the researchers through the time of internship.

data collected by working with several audit teams.

discussing with managers, seniors and articulated students.

circulars published by newspapers.

SECONDARY DATA:

Secondary data refers to data that was collected by someone other than the user. Secondary data can be collected through references as website.

Secondary data analysis can save time that would otherwise be spent collecting data and, particularly in the case of quantitative data, can provide larger and higher-quality databases that would be unfeasible for any individual researcher to collect on their own

NEED OF INTERNSHIP:-

- 1) An internship is work related learning experience for individuals who wish to develop hands on work experience in certain occupation field.
- 2) An internship is position which always a student to gain professional experience in an occupational area which they are considering.
- 3) An internship is supervising pre- professional learning experience in which students apply their skills knowledge in professional settings.
- 4) It provides students with a full and realistic view of workplace, culture and experience.

***FINDINGS OF
STUDY***

- 1) Internship at KRSK & ASSOCIATES was my first experience. I learnt lot of new things.
- 2)Initially I know about audit, taxation, tally accounting.
- 3)Here, I found the hard work to be done by people.
- 4)And how to communicate with clients,how to maintain good relationship with clients.
- 5)How to complete work in short span of time.
- 6)I got to know about what client think about KRSK & ASSOCIATES.
- 7)One of the major short-comings of audit procedure is the time limit. Client communicate with the audit firm at the eleventh hour and that creates pressure to complete the audit procedure and make a complete audit report and submit it to the clients. As a quality assurance of the audit work sometimes gets hampered.
- 8)For time limitation we finish the audit engagement and provide audit report very quickly. That reason quality of audit work not possible.

MY OBSERVATION:-

- ☐ Meaning and understanding the responsibilities
- ☐ Necessity of Commitment
- ☐ Accumulated valuable work related skills
- ☐ Gained and understanding and become comfortable with professional work environment expectation and social norms

SUGGESTIONS:-

INTERNSHIP at KRSK & ASSOCIATES was my first practical experience and I'm a fresher so I'm not in a position to give any suggestions to the firm.

***CONCLUSION OF THE
STUDY***

1.After working on this project its my immense pleasure to say that it has been most beneficial to me as it gave a lot of knowledge about the Finance.

2.The summer internship program with KRSK &ASSOCIATES was a good learning experience and a first step in the Corporate world.

3.KRSK & ASSOCIATES is overall one of the profit making and reputed firm .

4.The organization since its very first day is devoted to providing quality services.

5.The detailed and through review of work and clients' trust shows the perfection with which it is working.

- Internship is a bridge between theoretical knowledge and practical knowledge. In review this internship has been an excellent and rewarding experience. I have been able to meet and network with so many people that I am sure will be able to help me with opportunities in the future. As an internee of KRSK & ASSOCIATES, I have truly enjoyed my internship. I am confident that this 45 days internship at KRSK & ASSOCIATES will definitely help me to realize my career in the job market.
