INTERNAL QUALITY ASSURANCE CELL (IQAC) MINUTES OF THE MEETING

The meeting of the IQAC for all faculties was held on Saturday, January 1st 2022 as well as on Monday, January 3rd 2022 at 3.00 pm in the Seminar Hall, Bajaj Bhawan of the college to discuss the progress made under each criterion of NAAC for AQAR 2020-21 and to take a review of all value addition courses by respective VAC's Co-ordinators.

The following business took place with respect to the foresaid agenda:

IQAC Coordinator Dr. Ranjana Sahu welcomed Principal Dr. N.Y. Khandait and all the other faculty members and briefed about the agenda of the meeting. She further explained about the NAAC quantitative and qualitative metrics along with their weightage in terms of marks of all seven criteria and introduced each Criterion In-charge for this purpose.

Following this, each Criterion In-charge briefed about the progress done under various heads and sub-heads of their criteria.

Criterion I – Prof. S.S. Kathaley

She informed that revision of syllabi has to be done with regards to inclusion of gender sensitization and other cross-cutting issues. These topics which are not in the syllabus currently have to be incorporated. Apart from this, she also briefed about English Proficiency Course (EPC) saying that for 2021, no registration was initiated because of the COVID 19 pandemic and subsequent lockdown situation.

Criterion II: Dr. Shubhangi Morey

She informed the members that for experiential learning, all supporting documents are to be submitted. She further stated that the data pertaining to students' admission, appeared in examination and passed in examination should be given in proper template with the list of all students.

Criterion 3: Dr. Nusrat Z. Hirani

She briefed the members regarding the research output by faculty, consultancy and linkages. She informed that we are lacking in the departmental research projects, in writing and publication of books and research papers in UGC Care listed journals and Scopus. She further briefed the meeting regarding the franking of MOUs stating that unless the franking is done the MOUs will not be considered functional hence renewals and franking have to be done.

Criterion 4: Dr. P. M. Paradkar

He briefed the members regarding promotion of usage of e-resources as N-list, J-Gate and usage of ICT tools and resources, he emphasized on the importance of the same for providing quality education.

Criterion 5: Dr. M.V. Purohit

She briefed the members about the students' progression and the poor response of the students to the same. She further added that there was no data available for the students who are pursuing Ph.Ds. Placement drives are also affected due to COVID -19 pandemic.

Criterion 6: Dr. Pragati Richa Pandey

She informed the members that the audited financial statements have not been yet received from Wardha.

Criterion 7: Prof. Akash Jain

He informed the members that the college has to take care of Green, Energy and Environmental Audit. For this, letter to NEERI for collaboration has been sent.

IQAC coordinator Dr. Ranjana Sahu further explained quantitative metrics and added that when the quantitative data is divided by total number of teachers/students, it results in fraction which reflects poorly. Therefore, all criterion in-charges should try to increase the number of beneficiaries, progression, placements etc.

Post these discussions, Principal Dr. N.Y. Khandait pointed out the prominent weaknesses in each criterion. He stated that feedbacks on curriculum from the parents as well as prospective employers should be collected. He further suggested that all the faculty members should be well versed with usage of smart boards. He emphasized that all the faculty members should be involved in research projects.

He further spoke about the franking of the MoUs. He suggested that proper systems for recognition of merit-holders should be in place, instituting medals and cash prizes for the students under Autonomy is must. He added that VACs are suffering because of COVID 19 but we can still work in that area by shifting all the classes to online mode. He also suggested that for all the activities done, proper records should be maintained and that the files that the criterion in charges are preparing should be kept updated so that at the time of SSR, there is no last-minute rush.

He ended by motivating the faculty members to create a concrete action plan and become proactive as well as result oriented.

There being no other business, meeting ended with thanks to chair. IQAC Coordinator Dr. Ranjana Sahu, proposed the formal vote of thanks to the Principal Dr. N. Y. Khandait for his valuable guidance and to all the members of the committee for their support and co-operation.

MINUTES OF THE MEETING

The meeting of the IQAC was held on Thursday, May 5th 2022 as well as on Friday, May 6th 2022 at 1:00 pm respectively in the college's Bajaj Bhavan Meeting Hall to discuss the submission of AQAR 2021 and templates relevant for each criterion to be submitted by Criterion Incharges.

The following business took place with respect to the aforesaid agenda:

IQAC coordinator Dr. Ranjana Sahu welcomed Chairman IQAC, Principal Dr. N.Y. Khandait and all the other faculty members and briefed about the agenda of the meeting. She further disclosed that the draft AQAR has been submitted to Principal sir and is being checked by him.

Following this, Dr. Ranjana Sahu invited Chairman IQAC, Principal Dr. N.Y. Khandait for briefing the meeting regarding each criterion and suggesting improvements thereof.

Chairman IQAC, Principal Dr. N.Y. Khandait, informed about the successful submissions of AQAR for two years 2018-19 and 2019-20. He then moved on to discussing AQAR 2021, where he specified that each Criterion incharge should prepare and submit the data according to the templates provided to all by IQAC Coordinator Dr. Ranjana Sahu. He motivated the faculty members to work with determination and full sincerity and not just submit the details mechanically. He also specified that the criteria related information should not be limited to only the Criterion Incharges and the committees but everyone should know about the same. Post this, he discussed each criterion separately along with the suggestions for improvement.

The following suggestions were given by Chairman IQAC, Principal Dr. N.Y. Khandait

1. None of the criteria have to be left empty or as NIL. He informed that for each and every criterion we already have information and achievements which are not being shared by the faculty members merely because of lack of interest. This reflects poorly on the college performance and should not be done.
2. He further briefed about updating the templates. He said that the NAAC keeps updating its templates and we must change ours accordingly. The same should be done by each Criterion Incharges and submitted to the IQAC Coordinator Dr. Ranjana Sahu.
3. He motivated the faculty members to increase the usage of N-list and e-resources and to find ways and means of increasing the usage of the same for the students through assignments or other methods as the faculty deems fit.

4. For Criterion III specifically, he pointed out the poor performance and lack of research initiatives on the part of the faculty members in the college even after having a good management research policy and a research fund of ₹15 lakhs supported by Shiksha Mandal, Wardha. He suggested mentioning the 20 research projects already submitted in the previous years in the additional information column of the NAAC portal for the said criterion to manage the damaging effects of the performance for the said criterion this year. Along with the same, he also guided as to what uploads were to be made to each point in Criterion III.
5. He said for each criterion, proper records must be maintained with the count of beneficiaries and all supportive documentation.
6. For Criterion V specifically, he suggested creating a link for reporting grievances and preparing a NIL template for the same. He further guided as to what uploads were to be done for each point in Criterion V, VI and VII.

He ended by motivating the faculty members to create a concrete action plan and become proactive as well as result oriented.

There being no other business, the meeting ended with thanks to the chair.
