

ECA Committee was set up with the basic objective of contributing to the overall development of students' personality. Along with studies, extra- curricular activities such as dramatics, creative visualization and writing encourages the students to explore new facets of their personality

Through ECA our students have participated in several college level, intercollegiate, district, state, national & international level competitions such as essay, debate, elocution, Rangoli, classical music and dance, PPT presentation, one act play, video and reel making, quiz, monoskit, Indian traditional dance, etc. Each year increasing number of students are winning prizes at all levels

thus justifying our endeavors towards holistic development of our students. year we have bagged 72 prizes at all levels and collectively over the last 5 years our students have got more than 150 prizes.
